Spinach from Walla Walla appeared for the first time in some days and was selling at \$5.00 a box. Asparagus was quoted at 13 c, and supply was much better than expected on account of the great scarcity in California.

RATES EXPIRE ON THE 30TH OF APRIL

DUTY OF EVERY PACIFIC COAST-
ER TO URGE THE COMING OF
KIN AND FRIENDS DURING THE
NEXT THREE WEEKS.

(Special Correspondence.)

PORTLAND, Ore., April 8.—Every resident of Oregon should at once make it his or her personal duty to write a letter to some acquaintance, relative, or friend or better still to some old home paper, advising that the colonists rates will expire April 30th; there is no time to lose. These are one-way rates and good to almost any point in Oregon, for \$25.00-to points East of Umatilla.

Houlton and St. Helens have projected a joint organization for development purposes and are determined to greatly improve their community and invite new settlers.

The Gresham Commercial and Development League is the latest member to gain admission into the Oregon Development League.

Hon. Peter Loggie, President of the North Bend Chamber of Commerce, has just returned from a complete tour of the United States, having visited hundreds of different cities, and spending a large amount of time at the national capital in behalf of the development of Oregon. Mr. Loggie reports tremendous interest in this State and predicts great advancement in every portion of the State, in which Coos Bay will be one of the very pronounced leaders.

The Executive Committee of the Portland Commercial club held a meeting last Thursday, at which it was determined to increase the fund available for advertising Oregon, and conduct an especially active campaign.

The Price of Health.

"The price of health in a malarious district is just 25 cents; the cost of a box of Dr. King's New Life Pills," writes Ella Clayton of Noland, Ark. New Life Pills cleanse gently and impart new life and vigor to the system. 25c. Satisfaction guaranteed at Chas. Rogers, Druggist.

LOGGERS MEETING.

At Portland The Yellow Fir Loggers Will Endeavor To Keep Prices Up.

At a meeting of the logging companies making a specialty of delivering yellow fir, to be held in Portland tomorrow an effort will be made to offset the recent cut in prices and the efforts to put the prices still lower.

A short time ago the mill owners cut the price on first class logs from \$13 to \$12 and it is said, are trying to make a further decrease in price. The log men say that the market value of rough mercantile lumber should also be the market value, or cost price to the millowners, of the first quality of yellow fir logs. They assert that this arrangement would still mean ample returns on the higher grades of lumber. The loggers main idea is to prevent a further curtailing of prices by reaching an agreement among themselves for the prevention of an accumulation of a surplus. They will do everything in their power to hold the market at its present stage.

Doing Business Again.
"When my friends thought I was about to take leave of this world, on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again as of old, and a mull gaining daily." Best tonic medicine on earth. Guaranteed by Chas. Rogers, Druggist. 50 c.
